## WHY OUTSOURCED ACCOUNTING? EVS ACCOUNTING SOLUTIONS

### Control over Books of Account

Helps small to medium sized business to gain control over book of account by providing financial intelligence that is accurate, in-time and actionable.

### Eliminate hiring cost

It's expensive to hire, train and retain quality accounting staff. Outsourcing the accounting function eliminates hiring and training cost.

### Enhance business continuity

Valuable knowledge walks out the door when a key accounting personnel leaves your company. The risk of knowledge loss is no more and business continuity is enhanced with outsourcing.

### Expertise

Availability of expertise and high quality professionals, who have hands on experience on accounting of different industries, at very low cost.

### Focus on Core Competencies

Enable you to transform into a high performance organisation that streamlines processes and maintains compliance, all while letting you focus on your core competencies and grow your business.

## OUR STRENGTHS

### ▪ Reduce risk

Risks relating to cost overrun, revenue leakage, cash flow managements, non-optimal utilisation of resources.

### ▪ Ensure compliance

Submission of returns under various statutes in time thereby eliminating payment of late fees, penalty and facing prosecution for non-compliance.

### ▪ Security and confidentiality
